

NEW PROTEX™ DISINFECTANT SPRAY
ALCOHOL-FREE, ONE – STEP DISINFECTANT

Parker Laboratories, the world-leading manufacturer of ultrasound and electromedical contact media, presents PROTEX Disinfectant Spray, a powerful one step disinfectant for a broad spectrum of pathogens. Protex disinfects ultrasound transducers, probes, mammography compressor plates and other hard nonporous surfaces. Protex is powerful, and alcohol-free, so it's gentle for use on sensitive equipment. Protex is also EPA approved and is offered in a 12 FL OZ pump-spray bottle.

Protex Disinfectant Spray is available through medical supply distributors, or through Parker Laboratories. Please visit www.parkerlabs.com/protex.html for more information on Protex Disinfectant Spray or www.parkerlabs.com for information on any of our other fine products.
