

CDC DEEMS PROTEX™ AND PROTEX ULTRA SUITABLE FOR USE IN SUSPECTED OR CONFIRMED CASES OF EBOLA VIRUS INFECTION.

Fairfield, New Jersey, - Protex™ Disinfectant Spray and Wipes and Protex ULTRA Disinfectant Wipes, efficacious against rotavirus, are EPA-registered hospital disinfectants. According to CDC guidance, this product can be used to disinfect environmental surfaces in rooms of patients with suspected or confirmed Ebola virus infection.

Protex products are suitable for use in the cleaning and disinfection of most hard, nonporous, non-critical surfaces such as:

- Ultrasound transducers and probes
- Mammography compressor plates
- Mobile equipment
- Exam tables
- Countertops
- Exercise and rehabilitative equipment

Suitable for hospital and institutional use, Protex products are also effective against MRSA, HIV, and Staph and are alcohol, bleach, and solvent free.

Protex and Protex ULTRA are available through medical supply distributors, or by contacting Parker Laboratories, Inc., 286 Eldridge Road, Fairfield, New Jersey, 07004, USA.
