

**PARKER LABORATORIES INTRODUCES PROTEX™ ULTRA WITH FASTER
KILL TIMES AND EXPANDED PATHOGEN EFFECTIVENESS**

Fairfield, New Jersey - Parker Laboratories, the world-leading manufacturer of ultrasound and electromedical contact media, announces the arrival of new Protex ULTRA Disinfectant Wipes.

With its new formulation, Protex ULTRA will eliminate 99.9% of bacteria in 15 seconds and disinfects in just 4 minutes. 6.5" x 6.0" non-abrasive wipes are safe for most hard surfaces and are useful on ultrasound transducers and probes, mammography-compressor plates and countertops, as well as mobile equipment and vinyl exam tables. A "STAY PUT" adhesive backing adheres the softpack to mobile equipment allowing for one-handed dispensing. Effective against 40 different pathogens, Protex ULTRA blends versatility and improved kill-time.

Protex ULTRA is available in 60 count softpacks, 12 per box through medical supply distributors or by contacting Parker Laboratories, Inc., 286 Eldridge Road, Fairfield, NJ 07004, USA. Telephone (973) 276-9500, Toll Free (800) 631-8888, Fax (973) 276-9510, or at parkerlabs.com
